Summary of discussion.—It is prayed that kandayam-paying lands adjoining Amritur village may be acquired and the village site extended as it is already overcrowded and as there is no scope for its extension.

Reply of Government.—The Deputy Commissioner will be asked to deal with the matter early.

Summary of discussion.—An allowance of Rs. 10, used to be given for feeding Bhairagies at Mayisandra, is now discontinued. The Bhairagies are now passing through the village in numbers. A feeding chattram may be ordered to be established at Mayisandra.

If it is transferred to Kunigal it will be beneficial to many travellers. Reply of Government.—The matter may be represented to the Deputy Commissioner.

Reply of Government.—With local contributions, an application may be made to the Deputy Commissioner.

Summary of discussion.—Kadaba town is situated on the Sira-Nelligere road. The *Bhairagies* frequent it on their way to Melkote and Rameswaram. A chattram, located here formerly, has now been transferred to Gubbi. The chattram may as before be located at Kadaba.

Reply of Government.—This cannot be done.
